Mijas Costa

Size	Rooms	Bedrooms	Bathrooms	Floor
60.00 m ²	3	2	2	1

A modern residential development on the Costa del Sol, between La Cala de Mijas and Fuengirola.

It combines the tranquility of nature, abundant sunshine, and proximity to the sea with the comfort of everyday life – ideal for a permanent residence or a second residence.

The minimalist design emphasizes the purity of lines, harmony of proportions, and the functionality of every detail. Spacious, open interiors filled with natural light flow seamlessly into generative outdoor spaces, with large terraces optimizing views and comfort.

Communal areas will be the heart of the project, designed for an active and sustainable lifestyle, where physical and social well-being will naturally fit into everyday life. They will integrate the Mediterranean pine forest with the nearby golf course, creating spaces for relaxation, activity, wellness, and shared moments – from relaxation to sports and meetings. Each area will transform leisure time into a source of well-being, with an emphasis on dynamism, health, and the joy of sharing experiences surrounded by nature. This is a place where every moment will encourage activity and harmony.
