An exclusive residential complex that combines modern, avant-garde architecture with a harmonious and natural color palette, located in a prestigious urbanization in Estepona. The project involves the construction of 14 residential buildings in two phases, which, upon completion, will offer a total of 149 apartments and penthouses with 2 or 3 bedrooms, designed with the utmost comfort in mind for modern living.

A variety of apartment layouts are available to suit various needs. One example is a spacious apartment measuring approximately 116 m², which comprises three bedrooms, one of which has a private bathroom. The layout is complemented by an additional bathroom and a practical laundry room. The open-plan, fully equipped kitchen seamlessly flows into the dining and living areas, which lead to a spacious terrace, providing the perfect setting for outdoor living. Each bedroom has direct access to the terrace.

For those choosing the penthouses, a jacuzzi can be installed for an additional fee, ensuring maximum relaxation and luxury.

The complex offers a wide range of amenities, including outdoor and indoor pools, a sauna, a hammam, a fitness center, a yoga studio, and a modern co-working space. It's a place where comfort and lifestyle combine to create a unique living experience.
